Clothes for Changing Seasons

Please pay attention to weather forecasts as we move from summer to fall. We try to make our bus trips as consistent and predictable as we can, but sometimes other traffic issues cause a longer than normal wait at the bus stop.

Still Need Drivers

We have 9 bus routes where a double-run is made in order to get all our students to and from school. Know a driver? Email us at ssimon@concord.k12.in.us

Student Safety and Bus Ridership

We are excited to announce that Z Pass+, the smartphone app for knowing your student has gotten on or off a Concord bus is working! Start your account at their website - www.zpassplus.com and then install the Z Pass+ app on your smartphone for alerts each time your student rides the bus. You can only add students to your account on the website.

Our expectation for all grades is that students use their Bus ID daily, scanning both when entering and when exiting the bus. We need to know who is on each bus ride, and we are confident you will greatly appreciate knowing when your student gets on and off each bus.
