I have reviewed the Concord Intermediate Student Handbook for 2018-19 with my child. I understand that he/she will be responsible for following the school rules, and I am aware of the policies and procedures that parents are to use regarding school activities and services.

**Technology, Student, Media Use Policy**

I have read and discussed with my child Concord Community School's Technology Use Policy found on p. 14-15 of the student handbook. I am aware of the policy requirements and that my child is responsible for using technology in an appropriate and responsible manner as noted in the Technology Use Policy. I also understand the consequences of inappropriate technology use. I am aware that if I wish to limit the use of my student's images or work in publications, media outlets, or school webpages, I need to submit written request to the principal. I have read and understand Concord's Elementary School policy regarding students and the media as found in the Student Handbook.

# Welcome Letter from the Principals

To the Parents of Our Students:

The 2018-19 Student Handbook has been written to outline some important information regarding the people, programs, activities, and guidelines that make each Concord Elementary School an outstanding and safe place for your children.

We believe the educational process must be a shared responsibility between home and school, and that together we can achieve success for all of our students. We feel that we provide students with a safe, respectful school environment that is conducive to learning and the educational process.

You can play an important role in helping us at home by reinforcing the skills that we teach at school, as well as the behavioral expectations of your child’s classroom teacher. We expect our students to DO THE RIGHT THING AND TREAT PEOPLE RIGHT. If you could also reinforce those ideas at home, it would enable us to help our students understand that these concepts are very important in order for us to maintain an orderly environment while at school.

All of us working together will better enable us to achieve our district mission:

Preparing All Students For Success!

Respectfully,  
Your Elementary Principals

## Elementary Grading

Concord's elementary schools use a grading system that shares with parents the student's skills compared to the state standards with a separate grade to show how much effort the students put into their schoolwork in a particular subject. Examples of skills grades include quizzes, tests, and final drafts of writing; skills grades reflect whether students are right or wrong with on-grade-level material, not homework and practice work. Effort grades reflect practice and should be scored for completion, which reflects effort, regardless of how the student performs; effort grades may also include participation grades. Teachers can answer specifics of how they enter grades.

### Skills Grades:

A – 90% or higher

B – 80-89%

C – 70-79%

K-4: BGL\* – 50-69%

*\*BGL = Below Grade Level*

### Effort Grades:

P (Pass) = 70-100%

NI (Needs Improvement) = 60-69%

F (Fail\*\*) = <60%

*\*\*Fail begins in Grade 3; prior to that, NI is used <70%*

## Kindergarten Grades

In kindergarten, a skills grade is given as OGL (on grade level) or BGL (below grade level) for language arts and math, overall; kindergarten grades are not based on averages but reflect the teacher's professional judgment based on skills assessments given in class. In addition, teachers send home a skills report showing how each child performs on the specific skills required in kindergarten. Personal development grades are reported to communicate student performance on the skills necessary for success in school: P (pass) NI (needs improvement).

## FORWARD

This student handbook was developed to answer many of the commonly asked questions that students and their parents may have during the school year. Because the handbook contains information about student rights and responsibilities, each student is responsible for knowing its contents. Students and parents should take time to become familiar with the following information and keep

the handbook available for future use. It can be a valuable reference during the school year and a means to avoid confusion and misunderstanding when questions arise. The handbook passes must be presented with the handbook intact to be honored; these are the only passes available at the students' and teachers' discretion, so it is essential that the handbook be protected throughout the year. Replacement handbooks are available for a fee. Questions that are not addressed in this handbook may be addressed to an administrator listed in the staff directory section of the handbook. This handbook is supplementary to board policy. Should a provision of this handbook contradict board policy, the board policy prevails. This handbook supersedes all prior handbooks and other written material on the same subjects; changes to this handbook may be made at any time with notice to students; the most current version of the handbook will be available on the school website: <http://www.concord.k12.in.us>

### **DISTRICT MISSION STATEMENT**

Concord Community Schools develops students who are highly literate, able to demonstrate mastery of state and national standards, and who are college-and career-ready.

### **VISION FOR LEARNING**

Concord Community Schools will achieve 90+% results in reading and writing, mastery of state and national standards, and college-and career-readiness.

### **STUDENT RIGHTS AND RESPONSIBILITIES**

The rules and procedures of the school are designed to allow each student to obtain a safe, orderly, and appropriate education. Students can expect that their rights will be protected and that they will be treated with fairness and respect. Likewise, students will be expected to respect the rights of their fellow students and the staff. Students will be expected to follow staff members' directions and obey all school rules. Disciplinary procedures are designed to ensure due process (notice and a fair hearing) before a student is disciplined because of his/her behavior.

Parents have the right to know how their child is succeeding in school and will be provided information on a regular basis and as needed when concerns arise. Many times it will be the responsibility of the student to deliver that information. If necessary, the U.S. Mail or hand delivery may be used to ensure contact. Parents are encouraged to establish constructive communication channels with their child's teachers and support staff and to inform the staff of suggestions or concerns that may help their child better accomplish his/her educational goals. E-mail is often the most effective way to make this contact; all staff e-mails are provided on the staff directory page at the front of this handbook and on our website.

The staff expects students to arrive at school prepared to learn. It is the parent's responsibility to ensure that their child arrives on time and prepared to participate in the educational program. If, for some reason, this is not possible, the parent should seek help from administration or guidance counselor.

Adult students (18 or older) are expected to follow all school rules. If residing at home, adult students must include their parents in their educational program.

### **STUDENT WELLBEING**

Student safety is a responsibility of the students and the staff. All staff members are familiar with emergency procedures such as fire and tornado drills and accident reporting procedures. Should a student be aware of any dangerous situation or accident, s/he must notify a staff person immediately.

### **EQUAL EDUCATION OPPORTUNITY**

It is the policy of this corporation to provide an equal education opportunity for all students.

Any person who believes that the school or any staff person has discriminated against a student on the basis of race, color, creed, age, disability, religion, gender, ancestry, national origin, place of residence within the boundaries of the corporation, or social or economic background, has the right to file a complaint. A formal complaint may be made in writing to the school corporation's Compliance Officer listed below:

Tim Tahara  
Assistant Superintendent  
Civil Rights Compliance Officer  
(574) 875-5161

The complaint procedure is described on Form 2260B.

The complaint will be investigated, and a response, in writing, will be given to the concerned person within 5 days. The Civil Rights Compliance Officer may provide additional information concerning access to equal education opportunity. Under no circumstances will the corporation threaten or retaliate against anyone who raises or files a complaint.

## SECTION I : GENERAL INFORMATION ENROLL/WITHDRAW

**Residency Requirements:** IC 20-33-8-17 requires students to enroll in the corporation in which they have legal settlement. The exceptions under this law include the following:

- A. According to SEA 39, a parent granted custody of a student, or a student if at least 18, may choose no later than 14 days before a school year whether the student will attend school in a district where the mother or father may reside. The choice may be made just one time per year.
- B. The corporation may allow a student in good standing to attend if approved.
- C. If a student is otherwise permitted to enroll by state or federal law.

### GOOD STANDING

Students will be considered in Good Standing if they meet the following criteria:

- attendance rate 90% or above, including tardies to school
- minimal discipline concerns
- drug-free as determined by random drug tests
- maintain a 2.0 grade point average

**New Students:** Students new to the school are required to enroll with their parents or legal guardian. When enrolling, the parents will need to bring the following:

- A. a legal birth certificate
- B. official state picture ID (driver's license or state ID) of guardian
- C. court papers allocating parental rights and responsibilities
- D. or custody (if appropriate)
- E. proof of residency (lease or real estate closing documents), (no homeless child will be denied enrollment based on a lack of proof of residency)
- F. proof of up-to-date immunizations

In some cases, a temporary enrollment may be permitted. If that is done, the parents will be told what records are needed to make the enrollment complete.

Students enrolling from another accredited school must have an official transcript from the sending school in order to receive credit from that school. Student Services will assist in obtaining the transcript, if not presented at the time of enrollment.

**Expulsion Resulting from Residency Violations:** A student may be expelled from school if the student's legal settlement is not in the attendance area of the school corporation where the student is enrolled and the student is not otherwise properly enrolled in the school corporations.

**Re-enrollment After Expulsion:** IC 20-33-8-24 sets the requirements for re-enrollment after expulsion and states that a principal may require a student who is at least sixteen (16) years of age and wishes to re-enroll after an expulsion to attend one (1) or more of the following:

- A. an alternative school or alternative education program
- B. evening classes
- C. classes established for students who are at least sixteen (16) years of age

### CHANGE OF ADDRESS AND/OR PHONE NUMBER

Any time a student moves or changes phone number or address, the change must be reported to the School Office. It is important that addresses and phone numbers given to the school are accurate to ensure timely communication between the school and families, especially in the case of illness or emergency. If relocating out of the district, your child may be able to continue attending Concord Schools. Please contact the school secretary to request transfer enrollment.

### TRANSFER OUT OF CORPORATION

If a student plans to transfer to a different school corporation or home school, the parent must notify the school office. School records shall be transferred within fourteen (14) days to the new school corporation. This will allow time to collect books and other belongings as well as to report current achievement for the next school. Students will pick up a withdrawal form in the office to be completed by the teachers, librarian and counselor. Textbooks and library books must be submitted before final withdrawal approval. Parents are encouraged to contact School Office for specific details.

### WITHDRAW FROM PUBLIC SCHOOL

Students may withdraw from school for the purpose of enrolling in another public school, private school, or home school. A student who wishes to withdraw for other reasons must participate in an exit interview which includes the assistant principal or other administrator and the student's parent in accordance with Indiana Code. HEA 1347 specifies that a student younger than 18 may only receive permission to drop out of high school for financial or health reasons or with permission of a court.

IC 20-33-2-9 Exit interviews; withdrawal requirements and IC 20-33-2-28.5 Requirements for exit interview; reporting requirement.

## HEALTH INFORMATION

### STUDENT EMERGENCY INFORMATION

All parents are strongly encouraged to have a Student Health History form completed, signed by a parent or guardian and on file with the school nurse. **This information must be kept current at all times.**

Students with specific health care needs should submit those needs, in writing and with proper documentation by a physician, to the school nurse. It is expected that parents and students keep the nurse updated on health conditions that require follow up doctor visits.

### ACCIDENTS AND ILLNESS WHILE AT SCHOOL

If a child is injured at school, he/she will be made comfortable and cared for in accordance with standard first aid procedures. If there is any question about the seriousness of an injury, the parent and/or emergency contact will be contacted and arrangements made for the child to be taken home or to seek further medical evaluation. School personnel reserve the right to call emergency medical services as needed. **It is, therefore, critical that the school has emergency phone numbers for all students.**

Concord Community School's insurance does not cover injuries to students caused by accidents that occur at school.

Students are expected to be involved in all aspects of school. Students can only be excused from school activities, such as P.E. with a doctor's note. A student who becomes ill during the school day should request permission from the teacher to go to the nurse who will determine whether or not the student should remain in school or go home. Students are not to call or text parents to arrange to leave school without first seeing the nurse. No student will be released from school without proper parental permission.

### USE OF MEDICATIONS-PRESCRIPTION

In those circumstances where a student must take prescribed medication during the school day, the following guidelines are to be observed.

1. Parents should, with their physician's counsel, determine whether the medication schedule can be adjusted to avoid administering medication during school hours.
2. A Medication Authorization form must be filed with the school nurse before the student will be allowed to begin taking any medication during school hours. Per Indiana Code, verbal, telephone, and electronic authorizations may not be accepted.
3. All medications must be registered with the nurse's office.
4. **Medication must be brought to the nurse's office in original bottle and will be properly secured. Medication should be conveyed to school directly by the parent. or by an individual who is eighteen (18) years of age or older and who has been designated, in writing, by the student's parent. A one month supply of medication is recommended.**
5. Students who may require administration of an emergency medication may have such medication stored in the nurse's office. However, if authorization for emergency self-medication has been provided by the parent and physician, the student may retain possession of the self-administered emergency medications.
6. **Medication that is possessed by a school for administration during school hours or at school functions, for students in grades K-8 may be released only to the student's parent or to an individual who is eighteen (18) years of age or older and who has been designated, in writing, by the student's parent to receive.** Certain topical medications may be released to students in grades K-8. A topical medication describes those medications prescribed by a physician to treat short-term infection and typically includes eye drops, eye ointment, skin ointments, ear drops, etc. Topical medications will be sent home with a student if all of the following occur:
  - a. A parent or guardian provides prior approval to a school nurse.
  - b. A school nurse, upon prior approval from a parent or guardian, identifies the specific date and name of student that will be transporting the topical medication from school back home.
  - c. The medication is in the original container and then placed in a sealed envelope. The envelope contains the following information written on the outside of the envelope:
    - i. date
    - ii. student name
    - iii. school
    - iv. parent / guardian name
    - v. designated school official sending the medication home

Any unused medication unclaimed by the parent will be destroyed by school personnel when a medication is no longer to be administered or at the end of the school year.

7. The staff member administering the medication shall ensure that the student takes the medication as prescribed by the physician.
8. A log for each prescribed medication shall be maintained which will note the personnel giving the medication, the date, and the time of day. This log will be maintained along with the physician's written request and the parent's written release.
9. Concord Schools encourages the prompt written notification to the school nurse of changes in student prescriptions or dosage.

A student may possess and self-administer medication for chronic diseases or medical conditions provided the student's parent files a written authorization with the principal/nurse. The written authorization must be filed annually. A physician's written statement must be

included with the parent's authorization. The physician's statement must include the following information:

1. An acute or chronic disease or medical condition exists for which the medication is prescribed.
2. The student has been given instruction on how to self-administer the medication.
3. The nature of the disease or medical condition requires emergency administration of the medication.

The school or school board is not liable for civil damages as a result of a student's self-administration of medication for an acute or chronic disease or medical condition except for an act or omission amounting to gross negligence or willful and wanton misconduct.

### **NON-PRESCRIBED(OVER THE COUNTER) MEDICATIONS**

Parents may authorize the school to administer a non-prescribed medication using a form which is available at the school office. A physician does not need to authorize such medication, but all the other conditions described above under Prescribed Medications will also apply to non-prescribed medications. Concord nurses will not dispense non-FDA approved medications. The above rules for transporting medications are the same, whether prescription or non-prescription medicine.

## **2018-2019 SCHOOL YEAR INDIANA STATE DEPARTMENT OF HEALTH SCHOOL IMMUNIZATION REQUIREMENTS**

Each student should have the immunizations required by law or have an authorized waiver. If a student does not have the necessary immunizations or waivers, the principal will exclude the student from attendance until compliance under state law. A student will have twenty school days from his/her first day of attendance to comply with immunization requirements. This is for the safety of all students and in accordance with state law. Any questions about immunizations or waivers should be directed to the school nurse. Immunization Requirements (IC 20-34-4)

## **CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES AND PESTS**

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The school's professional staff has the authority to remove or isolate a student who has been ill or has been exposed to a communicable disease.

Specific diseases include, but are not limited to: varicella, diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the Local and State Health Departments.

Any removal will be only for the contagious period as specified in The Indiana State Department of Health and The Center for Disease Control guidelineS.

## **CONTROL OF NON-CASUAL CONTACT COMMUNICABLE DISEASES**

In the case of non-casual-contact, a communicable disease, the school still has the obligation to protect the safety of the staff and students. In these cases, the person in question will have his/her status reviewed by a panel of resource people, including the County Health Department, to ensure that the rights of the person affected and those in contact with that person are respected. The school will seek to keep students and staff persons in school unless there is definitive evidence to warrant exclusion.

Non-casual contact communicable diseases include sexually transmitted diseases, AIDS (Acquired Immune Deficiency Syndrome), ARC-AIDS Related Complex, HIV (Human-immunodeficiency), Hepatitis B, and other diseases that may be specified by the State Board of Health.

As required by Federal law, parents will be requested to have their child's blood checked for HIV and HBV when the child has bled at school and students or staff members have been exposed to the blood. Any testing is subject to laws protecting confidentiality.

## **PEST CONTROL AND USE OF PESTICIDES**

Concord Community Schools is committed to providing students a safe environment. It seeks to prevent children from being exposed to pests and pesticides. While pesticides protect children from pests that may be found in the school and its surrounding grounds, under some circumstances they may pose a hazard to children. Therefore, pest control practices may involve a variety of chemical and non-chemical methods that are designed to control pests effectively while minimizing potential pesticide exposure to children.

Indiana Administrative Code requires schools to provide parents the opportunity to be informed about the application of pesticides that take place at school. In general, if pesticides are to be applied less than 48 hours before students will be in attendance, we will send an email notifying parents who requested to be informed. If you want to be notified, please provide your request in writing to the school principal with your home email address clearly stated.

## **INDIVIDUALS WITH DISABILITIES (SPECIAL EDUCATION)**

The school provides a variety of special education programs for students identified as having a disability as defined by the Individuals with Disabilities Education Act (IDEA).

A student may access special education services only through the proper evaluation and placement procedure. Parent involvement in this procedure is required. More importantly, the school encourages the parent to be an active participant. To inquire about the procedure, a parent should contact the student's counselor.

The Americans with Disabilities Act (A.D.A.) and Section 504 of the Rehabilitation Act requires the school to ensure that no individual be discriminated against on the basis of a disability. This protection applies not just to the student, but all individuals who have access to the corporation's programs and facilities. Students with disabilities who do not qualify for IDEA may be served within the regular education program with an accommodation plan developed through an interactive dialogue between the school, the student, and the parent(s). Parents who believe their child may have a disability that interferes substantially with the child's ability to function properly in school, should contact: Michael Wagner, Director of Elementary Education (574) 875-5161

## **ADVERTISING OUTSIDE ACTIVITIES**

No announcements or posting of outside activities will be permitted without the approval of the principal. A minimum of one school day's notice is required to ensure that the administration has the opportunity to review the announcement or posting. If approval is granted, all postings for non-school activities must be made in the commons outside the main office ONLY.

## **WEATHER CLOSING AND DELAYS**

If the school must be closed or the arrival/dismissal delayed because of inclement weather or other conditions, the following notifications will occur. Parents are encouraged to reference the schools' social media sites for the most current information.

SCHOOL MESSENGER : A recorded message from a school official notifies families by phone based on phone numbers on file at the school. In addition to School Messenger, the school will notify local television stations..

Parents and students are responsible for knowing about emergency closings and delays.

If there is a two hour delay, regardless of the day of the week, school will be delayed two hours from the "regular" school day schedule. Therefore, Tuesday 2 hour delay start time is the same as a 2 hour delay start time on Mon., Wed., Thurs. Fri. In the event of a 2 hour delay, there will be no Beginning Band or Orchestra for CIS students.

## **EMERGENCY DRILLS**

The school complies with all fire safety laws and will conduct fire drills in accordance with state law. Specific instructions on how to proceed will be provided to students by their teachers who will be responsible for safe, prompt, and orderly evacuation of the building. Tornado and lockdown drills will be conducted using the procedures prescribed by the state.

## EMERGENCY PROCEDURES

As a part of the emergency procedures in place in our schools, no student will be restrained and/or placed in seclusion by school staff unless the student's behavior poses an imminent risk of injury to him/herself or others. Our goal is to avoid a physical intervention unless safety is at stake.

However, significant violations of the law including assaults on students and staff will be reported to the police. As soon as possible after any such use of restraint and/or seclusion, the parents or guardian will be informed when any of these actions have occurred and will be provided with a detailed account of the incident including the circumstances that led to the use of restraint and or seclusion.

## STUDY TRIPS

Study trips are academic activities that are held off school grounds. There are also other trips that are part of the school's co-curricular and extracurricular program. No student may participate in any school-sponsored trip without parental consent.

- A. Attendance rules apply to all study trips.
- B. While the corporation encourages the student's participation in study trips, alternative assignments will be provided for any student whose parent does not give permission for the student to attend.
- C. Students who violate school rules may lose the privilege to go on study trips.

Parents are encouraged to participate in many of our trips (although for some study trips, parent involvement may be limited by transportation availability or reservation limitations). Please be aware of the following guidelines:

- A. Adults must have a completed and approved background check through the School Office. A current Government issued ID must be ran through the school's Raptor System.
- B. Adults must refrain from smoking for the duration of the trip.
- C. Adults must comply with the same school rules, procedures, dress, and other policies as their student, whether or not in the presence of students.
- D. Parents who are participating in the study trip experience will be expected to ride the bus.
- E. Uninvolved siblings are not allowed to join parents on the study trips.
- F. Adults who attend may be asked to supervise a small group of students, based on criteria as established by the school.

## LOCKERS

Lockers are the property of the Concord Community Schools. Students may be assigned lockers. Students may not deface or misuse lockers at any time. Personal locks are not allowed. Lockers are provided for over-clothing, books, and materials. We strongly suggest students do not store valuable items in their lockers. The school is not responsible for losses due to theft. The school corporation retains the right to inspect lockers and their contents to ensure that the locker is being used as intended.

## MEDIA CENTER POLICIES

Students are able to check out two books at one time. Books may be checked out for two weeks and renewed once. Fees will be charged for books that are lost or damaged beyond repair. Until lost or damaged books are returned or paid for, students will have a limited assortment of books to choose from. Students will receive a weekly reminder if books become late.

## LOST AND FOUND

## STUDENT FEES AND CHARGES

Concord Community Schools charges specific fees according to the specific activity or course. Such fees or charges are determined by the cost of materials, freight/handling fees, and add-on fees for loss or damage to school property in accordance with state law. The school and staff do not make a profit.

Fees may be waived in situations where there is financial hardship, as determined by federal guidelines.

Students using school property and equipment can be charged for excessive wear and abuse of the property and equipment. The charge will be used to pay for the damage, not to make a profit.

Late fees can be avoided when students return borrowed materials promptly. The materials may be needed by others. Failure to pay fees or charges may result in the withholding of grades.

Students who qualify for free and reduced lunches do not pay textbook rental according to federal guidelines if deadlines are met.

### BOOK RENTAL FEES FOR THE FULL YEAR ARE DUE AS INDICATED ON THE BILL

Arrangements may be made with the office if a different payment schedule is needed. Students qualifying for free/reduced lunches on or before October 15<sup>th</sup> are eligible for textbook assistance. ## STUDENT FUNDRAISING

Students participating in school-sponsored groups and activities will be allowed to solicit funds from other students, staff members, and members of the community in accordance with school guidelines. The following general rules will apply to all fund-raisers:

- A. Students involved in the fund-raiser are not to interfere with students participating in other activities in order to solicit funds.
- B. A student will not be allowed to participate in a fund-raising activity for a group in which s/he is not a member.
- C. All fundraisers must be approved in advance by the principal.
- D. Any fundraisers that require students to exert themselves physically beyond their normal pattern of activity, such as "runs for .....", will be monitored by a staff member in order to prevent a student from over-extending himself/herself to the point of potential harm.
- E. No student may participate in a fund-raising activity conducted by a parent group, booster club, or community organization on school property without the approval of the principal.

## STUDENT RECORDS

Many student records are kept by the teachers, counselors, and administrative staff. There are two (2) basic kinds of records: directory information and confidential records.

Directory information may be given to any person or organization for nonprofit making or school-related purposes when requested, unless the parents of the student restrict the information, in writing, to the Student Services Office. Directory information includes the following: a student's name, address, telephone number, photograph, date and place of birth, major field of study, participation in officially recognized activities and sports, height and weight, if a member of an athletic team, dates of attendance, date of graduation, awards received, or listing on an honor roll, scholarships, and/or parents/guardians' names.

Parents and eligible students may refuse to allow the school to disclose any or all of such "directory information" upon written notification to the school within 10 days after receipt of the student handbook at the beginning of the school year. This request must be made by written request.

**Confidential records** contain educational, behavioral and medical information that has restricted access based on the Family Education Rights and Privacy Act (FERPA). This information can only be released with the written consent of the parents, the adult student, or a surrogate. The only exception to this is to comply with State and Federal laws that may require release without consent.

Included in the confidential records may be test scores, psychological reports, behavioral data, disciplinary actions, and communications with the family and outside service providers. The school must have the parents' written consent to obtain records from an outside professional or agency. Confidential information that is in a student's record that originates from an outside professional or agency may be released to the parent through the originator, and parents should keep copies of such records for their home file. Parents may also provide the school with copies of records made by non-school professional agencies or individuals.

Students and parents have the right to review all educational records generated by the school corporation, request amendment to these records, insert addendum to records, and obtain copies of such records. Copying costs may be charged to the requestor. If a review of records is wanted, please contact the Student Services Office in writing, stating the records desired. The records will be collected, and an appointment will be made with the appropriate persons present to answer any questions.

The Family Policy Compliance Office in the U.S. Department of Education administers both FERPA and PPRA. Parents and/or eligible students who believe their rights have been violated may file a complaint with:

## STUDENT VALUABLES

Students are encouraged not to bring items of value to school. Items such as jewelry, expensive clothing, electronic equipment, and the like, are tempting targets for theft and extortion. Students who choose to bring electronic devices must have them turned off and out of sight during the school day. The school cannot be responsible for their safe-keeping and will not be liable for loss or damage to personal valuables. Items in lost and found may be discarded at the conclusion of the school year.

## USE OF SCHOOL EQUIPMENT AND FACILITIES

Students must receive the permission of the teacher before using any equipment or materials in the classroom and the permission of an administrator to use any other school equipment or facility. Students will be held responsible for the proper use and safe-keeping of any equipment or facility they are allowed to use.

## USE OF TELEPHONES

Office telephones are not to be used for personal calls. Students will not be called to the office to receive a telephone call. In the case of an emergency, there is a phone in the main office which may be used for local calls. Students are not to use telephones to call parents to receive permission to leave school. Office personnel will initiate all calls on behalf of a student seeking permission to leave school.

## VISITORS AND SCHOOL CELEBRATIONS

Parents are welcomed as visitors at the school. In order to properly monitor the safety of students and staff, each visitor must report to the office upon entering the school to be checked in through the Raptor system using a valid government-issued picture ID. Visitors will be given a Raptor name tag that must be visible at all times. Any visitor found in the building without signing in and receiving a pass shall be reported to administration and will be considered a trespasser. **If a person wishes to confer with a member of the staff, s/he should call for an appointment prior to coming to the school in order to prevent any inconvenience.**

**KINDERGARTEN - 6TH GRADE:** In accordance with Federal Regulations, any food brought into school cannot have sugar in the first five ingredients. Therefore, treats brought to school need to be healthy in nature. Classroom celebrations can take place once a month. Parents should contact their child's teacher if they wish to take part in those celebrations.

awareness of staying safe from online predators and what may be perceived as discriminatory/harassing posts. Any inappropriate messages or photos/images should be reported to a trusted adult, especially if the message includes sexual or violent content. In addition to being careful about messages received from others, students also need to be aware their messages going out may have unintended consequences that can threaten school safety. While the Board respects student's First Amendment rights, those rights do not include permission to post inflammatory comments that could compromise the Concord Community School's mission, undermine staff or student relationships, or cause a substantial disruption to the school environment. This prohibition against inflammatory, disruptive digital comments includes a student's online conduct that occurs off school property and from the student's private devices. Postings and relationships on social media should be conducted in a manner appropriate to the student's educational and personal responsibilities.

The technology director, systems administrators, or school administration will conduct searches if there is reasonable suspicion that the student has violated this policy or the law, or if requested by local, state or federal law enforcement officials. Concord Community Schools will cooperate fully with local, state, or federal officials in any investigation related to illegal activities conducted on technology resources owned by Concord Community Schools.

**10. Security** – Security on any computer system is of the highest priority, especially when the system involves many users. If a student

identifies a security lapse on technology resources, the student must immediately notify the teacher. The student should not demonstrate the problem/security breach to other users. A student should not use another individual's logins. Attempts to log in to the network with a stolen/borrowed identity or as a system administrator will result in restriction or evaluation of the student's privileges. If a student is identified as a security risk or has a history of problems with other computer systems, Concord Community Schools may deny access to technology resources.

**11. Bullying** - Bullying may result in disciplinary action including cancellation of privileges. **15. Signature.** Parents and students shall review this Technology Responsible Use Policy each year in the student handbook. The signature page acts as a written acknowledgment that parents and students reviewed and understood the policy.

## STUDENT ASSESSMENT

To measure student progress, students will be tested in accordance with State standards and corporation policy.

Additional group tests are given to students to monitor progress and determine educational mastery levels. These tests are used to help the staff determine instructional needs.

Classroom tests will be used to assess student progress and assign grades. These are selected or prepared by teachers to assess how well the students have achieved specific objectives.

Vocational and interest surveys may be given to identify particular areas of student interest or talent. These are often given by the guidance staff.

If necessary, intelligence tests, speech and language evaluations, individually administered achievement tests, and other special testing services are available to students needing these services. Depending on the type of testing, specific information and/or parent consent may need to be obtained. The school will not violate the rights of consent and privacy of a student participating in any form of evaluation.

The Department of Education requires that Concord Community Schools must take the responsibility to notify all members of the school community the test security measures in each school building. Therefore, with any standardized test taken by students, it is important that students, parents, and staff members understand that at no time should test materials, test questions, or student responses be discussed in any manner unless and until such materials are released by the Indiana Department of Education. Please feel free to contact the building administrator with any questions or concerns regarding test security.

## HOMEWORK

Title 511 of IAC 6.1-5-9 defines homework as an out-of-school assignment that contributes to the educational process of the student. Homework shall be viewed as an extension of class work and related to the objectives of the curriculum.

The assignment of homework can be expected. Student grades will reflect the completion of all work, including outside assignments. Homework is also part of the student's preparation for the assessment tests.

## REQUEST FOR STUDENT ASSIGNMENTS

A student must be absent for at least two full school days before requesting that school assignments be collected. Parent(s) can contact teacher(s) through e-mail via the website (<http://www.concord.k12.in.us>) to request homework. As an alternative, parents may contact the office. A minimum of one full school day should be allowed to give staff members the necessary time to write out assignments, collect appropriate materials, and deliver them to the Student Services Office. Parents can pick up this collected

information in in the office during regular school hours.

## STUDENT ASSISTANCE PROGRAM

An intervention team, composed of teachers, guidance counselors, and administrators provides a variety of options in helping students who are experiencing academic, behavioral, or social difficulties. This team collects and evaluates objective data about students who are referred by school staff, students, parents, or community sources. Strategies are developed to help teachers, students, and families work together more positively and productively. Follow-up contacts assess the effectiveness of these recommended strategies.

## SECTION III: STUDENT ACTIVITIES

### MISSION STATEMENT

The mission of all co-curricular activities is to provide opportunities for positive educational, physical and/or social activities to our students within and beyond the normal school day.

The student will:

- A. Interact appropriately with peers
- B. Demonstrate leadership
- C. Serve the community and develop personal growth

### STUDENT ACTIVITIES AND CLUBS

All student activities are supportive of the school mission and character goals. All clubs sponsored by Concord Community Schools are designed to be social organizations and provide students with opportunities to interact in a positive way. Extracurricular activities do not reflect the school curriculum but are made available to students to allow them to pursue additional worthwhile activities such as recreational sports, drama, etc. All students are permitted to participate in the activities of their choosing, as long as they are in good standing with the school.

The school has many student groups that are authorized by the school. It is the school's policy that only authorized groups are those approved by administration and sponsored by a faculty member.

## SECTION IV: ATTENDANCE

### SCHOOL ATTENDANCE POLICY

It is imperative that students attend school every day in order to maximize their education. Many important lessons result from active participation in classroom and other school activities which cannot be replaced by individual study.

The school is also concerned about helping students develop a high quality work ethic which will be a significant factor in their success with future employers. One of the most important work habits that employers look for in hiring and promoting a worker is his/her dependability in coming to work every day and on time. This is a habit the school wants to help students develop as early as possible in their school careers.

IC 20-33-2 Compulsory attendance; parent's responsibility/duty

The Indiana Compulsory Attendance law IC 20-8.1-6.1 requires that every child must attend either a public school or some other school which is taught in the English language and is open to inspection by certain state and local officials. The age for attendance is established as the age of seven (7) until the date of the age of sixteen (16). It is unlawful for a parent to fail, neglect, or refuse to ensure that a child attends school as required by law. A person who knowingly violates this law commits a Class D felony.

Parents may elect to provide private or home school education for the full term as required as long as the child is being provided with instruction equivalent to that given in public schools; however, the parent must withdraw the student from public school if these options are selected. If the violation is not terminated not more than one (1) school day after written notice is given or if another violation is committed during the notice period, no further notice is necessary. Each day of violation constitutes a separate offense.

Another area of confusion concerns the terms mandatory and required as pertaining to kindergarten attendance. Even though it is not mandatory that children attend kindergarten, once a child is enrolled in kindergarten, the child is required to adhere to all state statutes and local school board rules, including attendance guidelines. <http://www.doe.state.in.us/primetime/kindergartenentrancelaw.html>

**According to the Indiana Department of Education, habitual truancy includes students absent ten (10) days or more from school within a school year without being excused. The Indiana Department of Education considers chronic absenteeism to include students absent from school for ten percent or more of a school year for ANY reason, excused or unexcused.**

### GENERAL ATTENDANCE PROCEDURES

1. After the sixth (6) absence (OF ANY KIND), an attendance letter will be sent home to inform parents that absences are beginning to accumulate.
2. After the tenth (10) absence (OF ANY KIND), a second attendance letter will be sent home stating that an excessive number of

absences have occurred.

3. Upon the twelfth (12) absence (OF ANY KIND), excused or unexcused, a letter will be sent home to arrange a mandatory parent/guardian conference with an administrator. At this conference an Attendance Contract will be initiated. Failure to attend this conference may result in an immediate referral to the Elkhart County Attendance Program and a letter from the County Prosecutor.

#### UNEXCUSED ABSENCES

**All absences not verified by a parent/guardian will be considered Unexcused.** At the teacher's discretion credit may be given for any course work completed in spite of an unexcused absence; however teachers may inform students in their syllabus/rules that no credit will be given if the absence is unverified or truancy.

- After four (4) **unexcused** absences, the student is referred to the Elkhart County Attendance Program (ECAP) resulting in a letter from the County Prosecutor. And the school may have the Parent/Guardian sign an Attendance Contract.
- After ten (10) **unexcused** absences, ***under I.C. 20-33-2-25, the Superintendent or an attendance officer having jurisdiction shall report a child who is habitually absent from school in violation of this chapter to the Department of Child Services, DCS. The Department of Child Services shall proceed in accord with IC 31-30 through IC 31-40.***

#### TRUANCY

Unexcused absence from school (truancy) is not acceptable. Students who are truant may receive no credit for school work that is missed. After 10 days of truancy in any school year, a student will be considered a "habitual truant" which may result in:

- A. assignment to an alternative placement with loss of participation in school activities and events such as after school activities and clubs.
- B. a report to juvenile authorities;
- C. a report to local authorities concerning lack of parental responsibility in providing proper care and supervision of a child.

Any student who is absent from school for all or any part of the day without a legitimate excuse shall be considered truant, and the student and his/her parents shall be subject to the truancy laws of the state.

If a student, under the age of eighteen (18), is truant for more than 10 days during a school year, s/he will be considered an "habitual" truant and may be reported to the proper authorities and to the Bureau of Motor Vehicles for suspension of his/her driver's license.

#### EARLY DISMISSAL

No student will be allowed to leave school prior to dismissal time without either a written request signed by the parent or the parent contacting the school office to personally request the release. Parent needs to notify the school office by 3:00 of any changes for the day.

#### EXEMPT ABSENCES

Students may be excused from school for one of the following reasons and will be provided an opportunity to make up missed school work and/or tests:

- A. bona-fide religious holiday (IC 20-33-2-19)
- B. Study Trip (IC 20-33-2-17.5)
- C. statutory reasons as provided by Indiana Code:
  1. Service as a page or as an honoree of the general assembly (IC 20-33-2-14)
  2. Service on precinct election board or for political candidates or parties (IC 20-33-2-15)
  3. Witness in judicial proceeding (IC 20-33-2-16)
  4. Duty with Indiana National Guard (IC 20-33-2-17)
  5. Disability in extremely limited circumstances (IC 20-33-2-46)

#### EXCUSED ABSENCES

Doctor's appointment- verification is required within 6 days. (IC 20-33-2-18) Students with a health condition that causes repeated absence are to provide the school office with an explanation of the condition from a licensed physician. Excused absences are absences that have been verified by a parent/guardian. These may include personal illness, death in the immediate family, and professional appointments that cannot be scheduled at non-school times.

#### NOTIFICATION OF ABSENCE

If a student is going to be absent, the parents must contact the attendance office by 9:30 AM and provide an explanation. If prior contact is not possible, the parents should provide a written excuse. When no excuse is provided, the absence will be unexcused, and

the student will be considered truant. If your child is seen by a medical professional causing the child to be tardy or absent, submit documentation upon return to school. In case of illness and/or injury, if the absence lasts beyond five (5) days, a doctor's statement will be required for verification. A student with a serious medical condition should have a medical report on file. Medically documented absences may not count towards the accumulated excessive absences.

***If the absence of a student appears to be questionable or excessive, the school staff will work with the parents to improve their child's attendance. The skipping of classes may result in disciplinary action.***

## ELKHART COUNTY ATTENDANCE POLICY

**"Absence of concern"** will include all truanancies, unverified absences, unexcused absences, and absences that are a concern to the school principal/designee. Students who accumulate absences of concern in a twelve month period in any Elkhart County School will proceed through the following levels and may also be subjected to disciplinary consequences.

### **LEVEL 1 FORMAL NOTIFICATION TO PARENTS**

If any student accumulates four (4) absences of concern, the parents/guardians will be formally notified by letter. Upon receipt of this letter, it becomes the responsibility of the parents/guardians to contact the school to discuss the attendance of his or her student.

### **LEVEL 2 LEGAL NOTICE**

If subsequent to the completion of Level 1 notification, the student accumulates seven (7) absences of concern, a legal notice will be sent or given to the parents/guardians and copied to Juvenile Probation or Department of Child Services (DCS). The student will also watch a video regarding the importance of school attendance (as chosen by the school employee responsible for student attendance.) This will include a document to be signed by student and parent that acknowledges watching the video and receipt of the Level 2 Legal Notice. For students age 14 and older, a warning may be given that work permit and driver's license privileges COULD be revoked at the state level with further absences of concern.

### **LEVEL 3 CONTINUING ABSENCES OF CONCERN**

If subsequent to completion of the Level 2 notification, the student accumulates continuing absences of concern, the hearing officer will meet with the parents/guardians, student and school official, and provide a written summary with recommendations to the school, parents/guardians and student. Continued absences of concern will result in referral to Department of Child Services (DCS), Juvenile Probation, or the Prosecuting Attorney's Office. Failure to attend the hearing will result in advancement to Level 4. The attendance hearing committee will reconvene approximately 4 weeks after the initial Level 3 Hearing to check on attendance progress of the student and if goals/conditions of the Level 3 Hearing have been met. Members of the original hearing committee will reconvene as determined by the school employee responsible for student attendance. Copies of the Level 3 Hearing paperwork, and accompanying follow up meeting, should go in student cumulative folders in case of school transfer. Use the attendance checklist to aid you in this step.

### **LEVEL 4 MANDATORY INTERVENTIONS**

If subsequent to the completion of the Level 3 hearing, the student continues to accumulate absences of concern, the school will file a violation of legal notice with Juvenile Probation, the Department of Child Services, or the Prosecuting Attorney's Office. Parents/guardians and students will be required to attend a meeting with a school administrator who will assign mandatory interventions. The parents/guardians and school representative will receive written notification of interventions at that time. Failure to comply with the interventions or to accrue continuing absences of concern could result in a direct referral to the Department of Child Services, Juvenile Probation, or the Prosecutor's Office.

(continued)

### **LEVEL 5 COURT**

If subsequent to the completion of the level 4 meeting, the student continues to accumulate absences of concern, the school will notify the Department of Child Services, Juvenile Probation, or the Prosecutor's Office. The Prosecutor has the option of charging the parents/guardians with educational neglect or the student with truancy.

***Transfer Students and Attendance: Concord Community Schools will discontinue the enrollment of any Transfer Student that advances to Level 4 of the Elkhart County Attendance Program.***

### SUSPENSION FROM SCHOOL

Absence from school due to suspension shall be considered an authorized absence, neither excused nor unexcused. A suspended student will be responsible to make-up school work missed due to suspension upon return to school. It is recommended

that a student complete missed assignments during the suspension and turn them into the teacher upon his/her return from the suspension. Assignments may be obtained from the classroom teacher beginning with the first day of a suspension. Make-up of missed tests may be scheduled when the student returns to school. The student will be given credit for properly-completed assignments and a grade on any made-up tests.

### SPECIAL ABSENCES

A REQUEST FOR SPECIAL ABSENCES MUST BE MADE IN WRITING BY THE PARENT AT LEAST 24 HOURS PRIOR TO THE BEGINNING OF THE ABSENCE OF THE STUDENT. If the 24-hour notification is not followed, the absence will be considered unexcused.

#### A. Religious Observances:

On occasion a student's sincere religious beliefs may require him/her to be absent from school for religious observances. Students requesting leave under this rule should submit the documentation substantiating the need for absence from the clergy of a legally recognized religious sect in order to have the absences considered excused.

Note: This policy allows for absences for official religious observations and does not include elective participation in church-related activities.

#### B. College, Military Visits, and Job Shadowing:

Concord Community Schools recognizes the occasional need for students to take time off for the purpose of exploring post-secondary options. The following guidelines will help determine if the request will be considered an excused or unexcused absence regarding college visitation:

1. Only juniors and seniors are eligible to apply for visitation days.
2. Requests for these visitations will not be granted during a time when important events are happening at Concord, such as test dates, performance dates, final exams, etc.
3. Visitation requests will not be granted to extend a vacation, such as Christmas or spring break.
4. Obtain and submit the appropriate VISITATION REQUEST form in the Attendance or Student Services Office at least 24 hours in advance of the intended visitation date to obtain the necessary signatures.
5. The authorized representative of the college, military, or employer must sign the request form that is turned in to the Attendance Office upon return to school. **FAILURE TO TURN IN THE COMPLETED VISITATION REQUEST FORM MAY RESULT IN AN UNEXCUSED ABSENCE BEING ENTERED FOR THE STUDENT.**  
Visitation requests cannot be granted if the student is in danger of reaching six (6) days absence per trimester.

### TARDIES TO SCHOOL

Being prompt as well as completing the school day are life skills that are emphasized at Concord Community Schools. Tardies are defined as not being in an assigned room when the bell rings. Schools and teachers are encouraged to consider promptness as a part of their classroom management plan and may take individual disciplinary action beyond the normal tardy policy. **Excessive tardies will result in official notice mailed home and possible conference with school administration as well as referral to the Elkhart County Attendance Program.**

### MAKE-UP OF TESTS AND OTHER SCHOOL WORK

Students who are excusably absent from school shall be given the opportunity to make up work that has been missed. The student should contact the teacher as soon as possible to obtain assignments.

Students will be given the number of days of excused absence within which to make up work.

If a student misses a teacher's test due to an excused absence, s/he may make arrangements with the teacher to take the test. If a student has an unverified absence or truancy, the teacher's policy may allow the student to make up the missed test, or it may prohibit the make-up work. If s/he misses NWEA, ILEARN, IREAD or other standardized test, the parent and/or student should consult with Teacher or Test Coordinator to arrange to take the test. Some standardized test may not be made up because of state regulations.

### STUDENT ATTENDANCE AT SCHOOL EVENTS

The school encourages students to attend as many school events held after school as possible, without interfering with their school work and home activities. Enthusiastic spectators help to build school spirit and encourage those students who are participating in the event. Students who are absent from school that day may only attend the event with administrative permission. However, in order to ensure that students attending evening events as non-participants are properly safeguarded, **ALL STUDENTS MUST BE ACCOMPANIED BY AN ADULT** when they attend the event. The school will not be able to supervise unaccompanied students nor will it be responsible for students who arrive without an adult chaperone. The school will continue to provide adequate supervision for all students who are participants in a school activity.

### SECTION V: STUDENT BEHAVIOR STANDARDS

A major component of the educational program at Concord is to prepare students to become responsible workers and citizens by learning how to conduct themselves properly and in accordance with established standards. In an effort to protect the fundamental rights of teachers to teach and students to learn, Concord has established strict guidelines and expectations for student behavior and is committed to holding students accountable for their actions. Accountability is certainly enhanced when parents and school officials can work together cooperatively. School officials will make every effort to utilize fairness and consistency when determining

appropriate consequences for students who violate established standards of behavior.

This may be on school grounds during, immediately before and after school hours, or on school grounds during any time the school is used by a school group, or off school grounds at a school function.
2. Disciplinary action up to and including expulsion will be imposed for students who engage in the unlawful selling of narcotics, over-the-counter drugs, any substance represented to be any of the listed substances in Section A or other violators of criminal law which constitute a danger to other students, or constitutes an interference with school purpose or an educational function.

Clothing must be:

1. Clean
2. Safe for school activities
3. Modest in nature, providing adequate coverage
4. Appropriate for the business-like school setting

**School administration reserves the right to determine if student attire is inappropriate or disruptive to the educational process.**

### **STUDENT IDENTIFICATION CARDS--ALL GRADES ID POLICY**

The intent of the student ID policy is for student safety and immediate student identification. These cards will also be used for riding the bus, access, being seen by the nurse, and purchasing in the media center, bookstore, social events, and cafeteria. The ID is to be "on their person" at all times.

- A. Replacement ID's will be available for a cost.
- B. Students are not to alter the information on either side of the ID card. It is the responsibility of each student to ensure and maintain the confidentiality of his or her student ID number (bar code).

The reporting student should provide the name of the person(s) whom s/he believes to be responsible for the harassment and the nature of the harassing incident(s).

### **DISCIPLINE**

Indiana State Law provides for the formulation of policies and regulations by individual schools and school corporations. The following regulations apply to Concord Community Students. Violation of these policies and regulations may result in reprimand, detentions, corporal punishment, probation, referral to special personnel, counseling, parent conferences, alternative to suspension, suspension, loss of class credit, loss of credit on an assignment, assignment to alternative school, expulsion, or other reasonable action prescribed by school administration and allowable under Indiana law. All policies and regulations apply during and immediately before and after school, on school grounds, and at school activities. The superintendent, principal, administrative personnel, any teacher, or other staff member of the school corporation may take any action in connection reasonably necessary to carry out or prevent interference with an educational function, to further school purposes, or to prevent an interference with the educational process.

Nothing in this handbook should be construed to limit the school's rights or responsibilities under Indiana or federal laws. Violations and consequences will always be recognized as required by applicable legislation.

#### **IC 20-33-8-8 Duty and powers of the School Corporation to supervise and discipline students**

Student supervision and the desirable behavior of students in carrying out school purposes is the responsibility of (1) a school corporation; and (2) the students of a school corporation. In all matters relating to the discipline and conduct of students, school corporation personnel stand in the relation of parents to the students of the school corporation; and have the right to take any disciplinary action necessary to promote student conduct that conforms with an overly and effective educational system, subject to this chapter.

Students must: (1) follow responsible directions of school personnel in all educational settings; and (2) refrain from disruptive behavior that interferes with the educational environment.

#### **IC 20-33-8-9 Disciplinary powers of teachers and school staff members**

A teacher or other school staff member who has students under the individual's charge may take any action that is reasonably necessary to carry out or to prevent an interference with an educational function that the individual supervises. For violation of rules and in keeping with school policy, a staff member may remove a student for a period that does not exceed five (5) school days from an educational function supervised by the individual or another individual who is a teacher or other school staff member.

#### IC 20-33-8-11 Disciplinary powers of superintendents and administrative staff members

A superintendent or member of the superintendent's administrative staff may take any action with respect to all schools within the superintendent's jurisdiction that is reasonably necessary to carry out or prevent interference with an educational function or school purposes.

#### **DUE PROCESS AND PUPIL DISCIPLINE**

Before a decision is made as to whether or not to suspend or expel a student from school, the school will follow specific procedures.

**Expulsion** is defined by IC 20-33-8-3 as disciplinary action whereby a student is separated from school attendance for a period in excess of ten (10) days; for the balance of the then current trimester or current year.

Under certain conditions, through the process of a review hearing, some students may be able to return to school while still under an expulsion status. If the expulsion was due to alcohol or drug charges the student will be required to pay for a maximum of three drug tests to be given upon the demand of the administration. Refusal to provide a urine sample or tampering with the specimen will be treated as a positive test. This may include providing a sample that is not within the temperature range.

**ASSESSMENT, DRUG TESTING, COUNSELING, AND WAIVER OF DUE PROCESS RIGHTS MAY BE REQUIRED FOR READMITTANCE PRIOR TO THE EXPIRATION OF THE ORIGINAL EXPULSION TERM.**

**Suspension** is defined by IC 20-33-8 as any disciplinary action that does not constitute an expulsion, whereby a student is separated from school attendance for a period of not more than ten (10) consecutive days.

Any student suspended or expelled from school is not permitted to be on any school property owned by Concord Community Schools, attend any school events or functions, home or away, or attend the Elkhart Area Career Center. Violation of this guideline may result in additional disciplinary action.

It is important to remember that the school's rules apply going to and from school, at school, on school property, at school-sponsored events, and on school transportation. In some cases, a student can be suspended from school transportation for infractions of school bus rules. The board has also extended the authority for school administrators to impose discipline for unlawful activity by students that occurs on or off school property if the activity interferes with school purposes or the educational function of the school. This authority applies to unlawful activity that may occur on weekends, holidays, and other school breaks including summer recess.

Ultimately, it is the principal's responsibility to keep things orderly. In all cases, the school shall attempt to make discipline prompt and equitable and to have the punishment match the severity of the incident.

1. writing assignments;
2. change of seating or location;
3. before-school, lunch/recess-time, and after-school detention;
4. in-school restriction;
5. removal from a class or activity.

#### **BEFORE OR AFTER SCHOOL DETENTIONS**

A student may be detained after school or asked to come to school early by a teacher, after giving the student and his/her parents one (1) day's notice. The student or his/her parents are responsible for transportation.

#### **STUDENT REMOVAL FROM CLASS**

The teacher in charge of that class or activity may remove a student from a classroom or activity for a period not to exceed one day when s/he poses a threat to a safe, orderly, and effective educational environment.

#### **SUSPENSION FROM SCHOOL**

When a student is being considered for a suspension, the administrator in charge will notify the student of the reason. The student will then be given an opportunity to explain his/her side. After that informal hearing, the administrator in charge will make a decision whether or not to suspend. If a student is suspended, his/her parents will be notified, in writing, of the reason for and the length of the suspension.

#### **THE APPEAL PROCESS**

When a student is suspended, s/he may make up work missed while on suspension. Any learning that cannot be made up such as labs, field trips, skill-practices, and the like or any learning that the student chooses not to make up may be reflected in the grades earned. Two (2) suspensions or an expulsion may result in the revocation of the student's driver's license.

#### **EXPULSION FROM SCHOOL**

If, in the principal's opinion, the alleged infraction warrants a longer period of removal from school, s/he shall refer the case to the superintendent for consideration for expulsion. The superintendent shall review the case and may appoint a designee to conduct the expulsion meeting. This person may be an attorney or an administrator who has not been involved in the particular expulsion case or circumstances leading to it.

#### **NOTICE OF EXPULSION MEETING**

The student and/or the parent(s) will be notified of the time and place of the expulsion meeting and their rights in connection with that meeting as well as their right to waive the meeting if they choose to do so. The expulsion examiner, appointed by the superintendent, will issue a written decision following the expulsion meeting.

#### **APPEAL OF AN EXPULSION**

Upon receipt of a written appeal, the board shall hold a meeting to consider the written evidence and arguments presented at the expulsion meeting. The board may then decide to uphold the expulsion, authorize alternative disciplinary action, or decide no disciplinary action is necessary. The student or his/her parents may appeal the board's decision to the appropriate court.

## SEARCH AND SEIZURE

Search of a student and his/her possessions, including vehicles, may be conducted at any time the student is under the jurisdiction of the Board of School Trustees, if there is a reasonable suspicion that the student is in violation of law or school rules. A search may also be conducted to protect the safety of others. Searches may be conducted with or without a student's consent by school authorities.

Students are provided lockers, desks, and other equipment in which to store materials. It should be clearly understood that this equipment is the property of the school and may be searched at any time if there is reasonable suspicion that a student has violated the law or school rules. Locks are to prevent theft, not to prevent searches. Anything that is found in the course of a search that may be evidence of a violation of school rules or the law may be taken and held or turned over to the police. The school reserves the right not to return items which have been confiscated. Students are to use assigned lockers and may not share their lockers or combinations with other students.

### USE OF DOGS

The board authorizes the use of specially-trained dogs to detect the presence of drugs and devices such as bombs on school property. The dog may be allowed to examine school property such as lockers and automobiles.

### USE OF BREATH-TEST INSTRUMENTS

The principal may arrange for a breath test for blood-alcohol to be conducted on a student whenever s/he has individualized reasonable suspicion to believe that a student has consumed an alcoholic beverage.

The student will be taken to a private administrative or instructional area on school property with at least one other member of the teaching or administrative staff present as a witness to the test.

The purpose of the test is to determine whether or not the student has consumed an alcoholic beverage. The amount of consumption is not relevant, except where the student may need medical attention.

There is the possibility that a "false-positive" result could be obtained. If the student believes that the test is inaccurate s/he may request an immediate retest be administered by local law enforcement authorities.

If the result indicates a violation of school rules as described in this handbook, the student will be disciplined in accordance with disciplinary procedures described in this handbook. If a student refuses to take the test, s/he will be advised that such refusal is a violation of school rules and will subject the student to disciplinary action. The student will then be given a second opportunity to take the test.

## STUDENT'S RIGHT OF EXPRESSION

The school recognizes the right of students to express themselves. With the right of expression comes the responsibility to do it appropriately. Students may display, at appropriate times, non-sponsored, non-commercial written material, buttons, badges, or other insignia, and the like. All items must meet school guidelines. Non-school sponsored posters must be approved by the principal, twenty-four (24) hours prior to display, and may then be posted in the commons area outside the main office. Materials may not be distributed.

Material cannot be displayed if it:

- A. is obscene to minors, libelous, indecent, or vulgar,
- B. advertises any product or service not permitted to minors by law,
- C. intends to be insulting or harassing,
- D. intends to incite fighting, or
- E. presents a clear and present likelihood that, either because of its content or manner of distribution or display, it will cause or is likely to cause a material and substantial disruption of school or school activities, a violation of school regulations, or the commission of an unlawful act.

## STUDENT SUGGESTIONS AND COMPLAINTS

The school is here to educate and benefit the students. The staff is here to assist a student in becoming a responsible adult. If a student has suggestions that could improve the school, s/he should feel free to offer them. Written suggestions may be presented directly to the principal or to the student council.

When concerns or grievances arise, the best way to resolve the issue is through communication. No student will be harassed by any staff member or need fear reprisal for the proper expression of a legitimate concern. Suggestions, concerns, and grievances may be directed to the principal or to the student council.

If the student believes s/he has been improperly denied participation in a school activity or has been subjected to an illegal rule or standard, the student may file a grievance with an administrator. That grievance will be promptly investigated and findings will be shared with the student. A student may not use the grievance procedure to change a grade.

## SECTION VI: TRANSPORTATION

### BUS TRANSPORTATION TO SCHOOL

The bus schedule and route is available by contacting the Transportation Office at 875-6577 or by viewing bus stop information found on the district website at [www.concord.k12.in.us](http://www.concord.k12.in.us).

Students will ride only assigned school buses and will board and depart from the bus at assigned bus stops. It is the parents' responsibility to inform the bus driver when their child will not be boarding the bus. **The bus will not wait.** Students will be allowed only one bus stop in the morning and one bus stop in the afternoon per school year. In an emergency, if any changes need to be made to where a child goes after school, then arrangements need to be made to pick the child up at school.

## CONCORD COMMUNITY SCHOOLS TRANSPORTATION DEPARTMENT

### SCHOOL BUS VIDEO

The school board has authorized the installation of video cameras on school buses for purposes of monitoring student behavior. If a student is reported to have misbehaved on a bus and his/her actions and words were viewed and recorded, the video will be submitted to the principal and may be used as evidence of the misbehavior. Since these recordings are considered part of a student's record, they can be viewed only in accordance with State and Federal privacy laws.

### PENALTIES FOR INFRACTIONS

A student who becomes a behavior problem on the bus shall be disciplined in accordance with the Student Discipline Code. Upon consulting with an administrator, students may be suspended from the privilege of riding any and all Concord buses for a period of time.
