**Ox Bow is moving toward our students becoming Digital Learners (one to one devices), so we feel it is necessary to add personal earbuds/headphones to our Student Supply List. ALL students are required to provide their own headphones or earbuds. These will be stored in a Zip-Loc bag on which the student's name will be written. They will be used in the classrooms AND accompany the students to the computer lab. Personal headphones will help to ensure each student's personal health. Headphones or earbuds may be purchased at local retail, discount, or dollar stores. Any style will work as long as they have the 3.5mm (small) plug that will connect to a std computer headphone jack. Below are examples - any brand or style is acceptable.
