

CONCORD COMMUNITY SCHOOLS

Health Services Department

Welcome to Concord Community Schools and thank you for entrusting us with your child's care!

All kindergarten students must have a record of immunizations and a completed physical on file before starting school in August. Inside this folder, you will find a Health Record form to be completed by you, your child's physician, and your child's dentist.

REQUIRED IMMUNIZATIONS

Children entering kindergarten are required to have the following immunizations:

- 5 doses of DTap. The fourth or fifth dose must be on or after the child's 1st birthday.
- 4 doses of the polio vaccine. The third or fourth dose must be on or after the child's 4th birthday.
- 2 doses of the Measles, Mumps and Rubella (MMR) vaccine. The first dose must be on or after the 1st birthday.
- 2 doses of the Hepatitis A vaccine.
- 3 doses of the Hepatitis B vaccine.
- 2 doses of the Varicella (chicken pox) vaccine on or after the child's 1st birthday or record of disease from a physician. Only a physician's documentation of the disease history, including the month and date, is proof of immunity for PreK-8th grade.

No child will be permitted to attend school unless s/he is fully immunized or has immunizations in process to be completed as the above schedule dictates. Exceptions to this rule are for medical reasons documented by a physician or for children whose parents have filed a written statement of religious objection. These forms must be filed annually with your child's school.

Physicals & Immunizations	Physicals Only	Immunizations Only
Heart City Health Care	Center for Healing & Hope	Elkhart County Health Dept.
237 Simpson St., Elkhart	831 W. Marion St., Elkhart or 902 S. Main St., Goshen	608 Oakland Ave., Elkhart
