Parents of Future 5th Grade Students,

While education and life certainly look different than what we are accustomed to experiencing, we know that life continues and our children continue to grow. For you, that means your child will be transitioning from an elementary building they have known to a new building at Concord Intermediate School.

In a typical year, CIS staff would have visited K-4 schools for parent informational nights, spent time with 4th graders in their buildings, and even invited all 4th graders to visit the Intermediate school. While we are unable to create opportunities this spring for in-person meetings, we know the transition of a child from one building to another can contain some fear and questions. Having served as a principal in an elementary building and experiencing the emotions of my own children transitioning from elementary to intermediate and so on, I understand how those changes impact our lives.

Over the next few weeks, we plan to share information through the Concord Intermediate website at [concord.k12.in.us/intermediate/](http://concord.k12.in.us/intermediate/) under the Parent tab → 4th Grade Transition. We will share videos, FAQ documents, opportunities for parents to give input to aid in class placement, and opportunities for you to ask any questions you might have about your child's transition to Concord Intermediate School.

Please take a look at the included brochure and follow Concord Intermediate School on Facebook, Twitter, and Instagram to learn more about CIS. Each day for eLearning we are posting our morning news. This is one example of how we hope to provide our students with opportunities to lead, experience, and grow during their time with us at CIS.

For the staff at CIS, I share our excitement in welcoming your child to 5th grade this August. We cannot wait to be part of their lives over the next two years!

Kent Myers, Principal
